

## ISD Athletic Code

The following list of agreements provides an outline of the expectations Lions Sports and Activities places on a student-athlete and their parents. It is important that the student-athlete and their parents read through the document together before signing in agreement.

1. I understand that it is a privilege to represent ISD as a student-athlete and I agree to keep in mind the mission & values of the Lions S&A Department. I will display good sportsmanship at all times and behave in an appropriate manner.
2. My academic work must come first. I will work to improve my time management skills by balancing the demands that are placed on me. I will plan ahead so that I can meet the level of commitment my school, teammates and coaches deserve.
3. I will encourage communication regarding my academic progress between my parents, teachers and coaches. I understand that being a student-athlete at ISD means that I am expected to maintain my academic standing.
4. I will attend all scheduled team practices and games. I will make every effort to schedule appointments outside of scheduled practice times. If I must miss a scheduled practice or game, I will personally notify my coach in a timely manner.
5. As a student-athlete, I understand the use of tobacco, drugs and alcohol are not acceptable while representing ISD at home or away team functions. This policy includes the entire time I am hosting or involved in a tournament.
6. I understand there are certain requirements of myself and my family that include:
  - Participation and attendance in beginning of season Team Meetings.
  - Housing visiting athletes during "host weekends" and tournaments.
  - Assisting with Sports Council and Lions Cafe.
7. I agree to abide by any curfews which are set.
8. I understand that some trips may require a visa. Responsibility for obtaining the correct visa is mine and not the school's.
9. I understand that any violation of this Athletic Code may lead to suspension or expulsion from the team.
